#Mission

- Developing complex SPS software for systems with up to 60 controllers to efficiently automate plants.
- Supporting large projects for our customers in the intralogistics sector, from the initial idea to the final installation.
- Commissioning plants on-site and training customers on how to use our solutions during your business trips (about 50% of your working time).

#Must Haves & Nice to Haves

- A completed degree in electrical or automation engineering, a technician qualification with state certification, or demonstrated practical experience (electrical engineering/technician).
- At least 5 years of professional experience in a similar role and experience in intralogistics.
- Extensive expertise in working with Siemens STEP 7 and TIA Portal, as well as programming languages such as SCL, AWL, and KOP.
- Comprehensive knowledge of electronic drive technology and fieldbus systems.
- German language skills at A2 level and fluent English.

#Goodies

- Exciting tasks in a professional environment
- Room for your own ideas, initiative and personal responsibility
- Collaboration on international projects
- Flat hierarchies and constructive teamwork
- Friendly and dynamic working atmosphere
- Diverse prospects and development opportunities
- Numerous opportunities for professional and personal development
- Attractive social benefits
- Flexitime and flexible working time accounts

Whether it is a goods distribution centre, a parcel sorting system or baggage handling systems, the control technology from Sit - SteuerungsTechnik is very likely to be responsible for ensuring that everything gets to where it needs to go. And not just in the EU, but also in the Middle East, overseas and in Asia.

And just as Sit - SteuerungsTechnik helps to get things moving, we help to fill their exciting vacancies.

As a recruitment consultancy, we are passionate about bringing people and companies together. We are interested in your CV - and even more interested in your story. You get honest feedback and we only make recommendations that we are fully convinced of.

Recruiting without bullshit is not just our slogan, it's part of our DNA. We bring you together with the right jobs for you and support you until the end of the probationary period. We don't just want you to get the job, we want you to stay.

Ready for the next step? Apply here online and we'll get back to you as soon as possible.
